TAX CORPORATIONS

Presisent Taft Sends Message to Congress Favoring it.

CAN'T TOUCH TAX INCOME

President Recommends Constitutional Amendment to Cover That Feature by Taxation—Democrats and Progressives.

(By Wire to the Morning Star.)

Washington, June 15.—President Taft tomorrow will send to Congress a message urging the passage of an amendment to the tariff bill imposing a tax of 2 per cent. upon undistributed net earnings of corporations and the adoption of a resolution submitting to the several States an amendment to the constitution giving Congress the power to impose a tax on incomes. This understanding was reached at a session of the Cabinet today and was approved by Republican leaders of the Senate who conferred with the President.

Attorney General Wickersham, according to present plans, will draft both the amendment and the resolution. It is understood that the corporation tax amendment when introduced, will be referred to the committee on finance and that the resolution submitting the question of amending the constitution will go to the committee on judiciary. Doubtless, both of these committees will report promptly so that all of the questions involved be disposed of on Friday, when the pending income tax amendment will be taken up for consideration.

In view of the emphatic stand taken by President Taft against a direct tax upon incomes, in the face of the decision of the Supreme Court of the United States on that subject and his preference for the proposed tax upon the earnings of corporations, a number of the Progressive Republicans have signified their intention of following his recommendations.

At the same time, not all of the progressive Republicans are satisfied with the administrative programme and it is probable that some of them will voice vigorous protests. Democratic Senators are also expected to indulge in strong criticism denunciatory of the tax on corporations, as a substitute for a direct tax on incomes.

DEATH AT LUMBERTON.

Child of Mr. Wade Wishart Passes Away—Other News Items.

(Special Star Correspondence.)

Lumberton, N. C., June 15.—James McRackan, the 17-months-old son of Mr. and Mrs. Wade Wishart, died here yesterday afternoon, after an illness lasting only since Friday. Mrs. Wishart had been very sick for the past three or four weeks and was just beginning to improve when the little one was taken sick. The deepest sympathy of the entire community is felt for the heartbroken parents. The funeral service will be conducted this afternoon by Rev. E. M. Hoyle, pastor of the Methodist church, and the interment will be made in the family lot in the East Lumberton cemetery.

This section was visited by heavy rains last night. There was much thunder and lightning, but we have heard of no damage.

Mr. and Mrs. Fred Singletary and little son, who have been spending several days with relatives in South Carolina, returned home last night.

The Lumberton and Dresden cotton mill offices have been moved into their new office building, and the old office will be used by Mr. Bichery, of the Waverly hotel.

RETAILERS AT BETSY CITY

State Association Met Yesterday With Large Attendance—Interesting Address and Other Features—Annual Report.

(Special Star Telegram.)

Elizabeth City, N. C., June 15.—The seventh annual convention of retail merchants of North Carolina convened in Elks' Hall this afternoon at 5 o'clock Failure of the delegates to arrive prevented the programme from beginning at 10 A. M.

President Archibald Nichols opened the convention with prayer by Rev. J. D. Bundy, pastor of the M. E. church. Attorney Norman H. Johnson introduced the speakers to the convention and the following delivered addresses of welcome: Mayor Fearing, in behalf of the city; Judge J. Bush Leigh, Chamber of Commerce; James W. Kight, president Elizabeth City Merchants' Association. The speeches rang with the heartiest welcome and were met with continued applause. A. B. Justice, attorney for the Association, of Charlotte, responded in a happy speech. The committees on credentials and question box were appointed, after which the reports of the president, secretary and treasurer were made. The president's report was voluminous and interesting. Among other things he said the slogan of modern business is to 'get together." We have learned nothing can be built by pulling some one down. We progress through organization of men and things. Retail merchants prosper in proportion with the surrounding country ni which they are located and town and counties grow and thrive with the effort put forth by the retail merchants. The retailers represent largely the bodies of advance and prosperity of any city. This is a day of organization, the spirit of co-operation is everywhere operative and fruitful. every retail merchant in business is mutually dependent on each other. The homestead law secured a majority vote in the last Legislature of 54 to 47 but being a constitutional amendment took a two-thirds vote to carry; therefore, it was lost. Following recommendations were made: To take up the fight on freight discrimination in North Carolina; urge that a tax of $500 be placed on itinerant merchants and peddlers in this State; an exemption bill to include provision to garnishee; a law forbidding garnishee by sending bill outside of the State to be repealed.

Tonight Norman H. Johnson delivered a masterful address on the "Southern Merchants' Opportunity." A number of important committee were appointed after which reports of secretaries of local associations were heard, all denoting progress in the work and increase in membership.

Notwithstanding the inclement weather the city is in gala attire and words of welcome confront the visitors on every side. About 100 delegates representing the leading towns of the State are here.

E. T. LAMB IS APPOINTED.

General Manager of Norfolk & Southern—His Successors.

(By Wire to the Morning Star.)

Norfolk, Va., June 15.—E. T. Lamb today became general manager for the receivers of the Norfolk & Southern Railroad, being succeeded as general agent here for the Southern Railway, Piedmont Air Line, and the Chesapeake Steamship Company by C. L. Candler, of Atlanta, Ga., and as superintendent of the Norfolk division of the Southern Railway by J. S. Bergman.

Mr. Lamb is to become president of the Norfolk & Southern following its re-organization and the termination of the present receivership.

DR. MOFFAT TO REMAIN.

Head of Erskine College—J. P. Caldwell Honored With Degree.

(By Wire to the Morning Star.)

Charlotte, N. C., June 15.—At the annual meeting of the trustees of Erskine College held at Greenwood, S. C. today, Dr. J. S. Moffatt, for years head of the institution, withdrew his resignation, which has been in the hands of the trustees some time. The trustees raised the salaries of all the faculty and conferred the honorary degree of LL. D., on J. P. Caldwell, editor of the Charlotte Observer.

MRS GOULD ON STAND.

Testimony Exceedingly Embarrassing to Her—Carried Through Ordeal.

(By Wire to the Morning Star.)

New York, June 15.—Torn with anger and extreme humliation, alternately flushing with shame, sobbing or clenching her hands in exasperation, aKtherine Clemmons Gould sat through a trying ordeal in the Supreme Court today at the continuation of her suit for separation against Howard Gould.

Mr. Gould't attorney sought to bring out that Mrs. Gould's habits were such that her husband was justified in leaving her. In the event of proving this, the defense hopes to undermine the charge of abandonment, the only phase of the plaintiff's case which has yet withstood the attacks of opposing counsel, Justice Dowling having ruled out the charges of cruelty and non-support yesterday. Howard Gould himself will take the stand tomorrow.

MAY BE FILIBUSTER

Steamer Nanticoke Will Be Detained at Franklin, Va.

SHIP BOUND FOR VENEZUELA

Her Movements Have Been Suspicious Although She Has No Contraband of War On Board—Her Agents Make Denials.

(By Wire to the Morning Star.)

Norfolk, Va., June 15.—The steamer Nanticoke and the tug-yacht Dispatch, the former detained at Franklin, Virginia, and the latter at Norfolk for alleged violation of the neutrality laws in connection with a supposed contraband expedition for Venezuelan revolutionists, are by admission made here today by their New York agents, bond direct for Maracaibo, Venezuela, but it is denied that the vessels have any connection with any fillibustering project. Ira M. Levy, of New York, representing the New York firm of Kates & Co., exporters, has filed application with Collector of Customn Floyd Hughes at Norfolk for clearance papers for both the Naticoke and the Dispatch. The destination of each is given in these papers as Maracaibo and Captain James Tidmansh, commanding the Nanticoke, says he expects to have his clearance papers so that he can sail tomorrow. Mr. Levy stated that Collector of Customs Hughes has forwarded to Washington a report that a careful investigation has failed to develop anything suspicious against either the Nanticoke or the Dispatch and that local customs officers have advised him that the way would be clear by 3 o'clock this afternoon for the insuance of clearance papers for both boats.

Collector of Customs Hughes and Special Government agents have made a thorough examination of both the Nanticoke and Dispatch but found nothing aboard of either but coal, water and provisions. The customs agent late yesterday broke all closed compartments of the Nanticoke but found nothing contraband.

The revenue cutter Pamlico came up the Black Water river last night and anchored close by the Nanticoke Her officers today re-inspected the suspected steamer. They file a report also but even this shows the Nanticoke to be free of contraband. The two boats may, in the opinion of local customs officials, still be detained here pending the completion of an investigation which the government is supposed to be making regarding the consignees of the Nanticoke and Dispatch at Maracaibo.

Agent Levy says that the Nanticoke and Dispatch have been purchased and are consigned to T. Arriens, a merchant of the Venezuelan capital, and that the two boats are to be used for commercial purposes in Venezuela. He said that under the new regime of President Gomez confidence has been restored and Venezuelans believe there is a great commercial future for their metropolis.

The Nanticoke and Dispatch, according to both Agent Levy and direct reports from J. A. Prettlow, the Nanticoke's agent at Franklin, are to be used in the coffee trade at Maracaibo. It is denied from Franklin today that Mauser rifles shipped from New York via St. Louis, have arrived there in Piano cases.

Captain Tidmarsh has a crew of 17, all foreigners and of five different nationalities. They came from New York. Captain Horace H. Weeks, of Camden, N. J., is in command of the Dispatch.

Mysterious Movements.

Raleigh, N. C., June 15.—A dispatch from Elizabeth City says:

The Nanticoke was repaired by Willey's marine railway here for Collonna Brothers' marine railway at Norfolk, Va., and a number of workmen from the latter railway came here to assist in the work. It seems that the principal work was strengthening the beams of the decks, the reason for which it is said the crew stated, that the ship was to be loaded with four hundred tons of coal and the decks were too light. It is said now that the officers on the ship knew nothing definite, or said they did not of the boat, but judged from the work being done and the pledge which was required of each member of the crew hired, that a trip to Venezuela was in store for them. It was further confidentially intimated that after leaving here the Nanticoke would join another vessel, possibly having on board some of Castro's agents. It is certain that the crew which was here on the ship believed, or said they did, that they were to sail for Venezuela and that there was considerable mystery attached to the proposed voyage, although it is not known upon what they based their beliefs. The talk was not entertained seriously here until the filibustering report was started from New York.

The collector of customs here, D. O. Newberry, has received advice from the Navy Department at Washington that a report had reached there that a vessel was at Franklin, Va., preparing to load with arm for a filibustering expedition, and cautioning him that as Franklin, Va., was in his district to see that the neutrality laws were not infringed on.

Will Detain Suspect.

Washington, June 15.—Orders were sent today through the revenue cutter service to the commander of the Pamlico to detain the Nanticoke until further orders. It is ascertained that the Nanticoke has violated, or is about to violate, the neutrality laws, and it is proposed to prevent if possible the culmination of the conspiracy.

ABUSE FOR ALDRICH

Nebraska Senator Faced Him and Used Fast Language.

GAME OF PETTY POLITICS

That is Charge Hurled Against Managers of Tariff Bill in Senate. Senator Aldrich Was Unruffled.

(By Wire to the Morning Star.)

Washington, June 15.—Indulging in a vigorous denunciation of the committee on finance because of its change of front over night on the subject of tobacco importations from the Philippine Islands, Senator Barkett, of Nebraska, standing face to face with Senator Aldrich, chairman of that committee, today declared that its action looked to him like a "game of petty politics."

He characterized this action as "an effort to hang the Senator from Wisconsin up in the air," and finally declared that this event afforded Senators a good opportunity to vote a lack of confidence in the committee."

This tart language followed Mr. Aldrich's statement that the committee on finance would accept the amendment proposed by Senator Bulkelev to reduce the number of cigars to be admitted free of duty from the Philippines from 150,000,000 to 70,000,000 and the quantity of filler tobacco from one million and a half to one million pounds, together with a provision that the wrapper and filler tobacco should be unstemmed when receiving this concession.

The support back of the Bulkeley amendment was evident when the two Pennsylvania Senators gave their support to their colleagues from Connecticut, all of whom had read strong petitions from cigar makers for the action they desired.

Mr. Aldrich, replying calmly, declared that there were men whose denunciations was the highest commendation and said the committee's action involved no mystery of petty politics, but that it proposed in the future to change a schedule when convinced that a mistake had been made, as it had done in the past. He expressed the opinion that the actual importations from the Philippines would not equal the number named in the amendment the committee had accepted and said that what it had done was to encourage of people who had been brought under the American flag.

Encouraged by the committee's action, Senator LaFollette proposed another amendment to reduce the free importation of cigars to 60,000,000 annually but this was defeated 38 to 27.

An interesting feature of the day's discussion was a declaration by Senator Borah that he proposed to cast his vote for loosening the band which tied the Philippines to the United States. He declared himself in favor of giving the Philippine islands an independent government and said that in that respect his convictions would force him to differ from his party and perhaps from the President of the United States as he did not believe a colonial policy to be consistent with the constitution of the United States.

Senator Owen delivered a long speech in criticism of the entire tariff bill as formulated by the majority of the Senate.

The Philippine island to the tariff bill was taken up under until 6 o'clock when it was temporarily laid aside and Mr. Aldrich took advantage of the opportunity to present the finance committee's amendment to the silk schedule.

Mr. Aldrich also submitted amendments to the window glass schedule, reducing the rates even below those provided in the House bill and elicited a strong protest from Senator Scott, who expressed the opinion that the change would be ruinous to the glass producing industry. He also presented amendments reducing the rates on osier and willow for basket making, changing the rates upon electrodes, brushes, etc., and restoring the House rate on barites. In response to the request of Senator Scott, action on the window glass schedule was postponed until tomorrow, but the other recommendations of the committee were adopted without division.

At 7 P. M. the Senate adjourned until 10 o'clock tomorrow.

DAY'S DOINGS IN RALEIGH

Simple-Minded Man Duped in Wife Elimination—Governor Against Cigarettes—Rain in Mountains—Irrigation.

(Special Star Telegram.)

Raleigh, N. C., June 15.—Because his employer, said to be prominent in the county, had duped him into working six months for a bogus paper "getting him clear of his wife," and on the strength of this he married again, Governor Kitchin commutes to one year a three-year sentence of William Driver, of Wilson county. The Governor regards Driver as simple-minded and imposed upon.

That he appear in court every 60 days and show that he is abstaining from smoking cigarettes is the remarkable conditions of a pardon granted today by Governor Kitchin to Jacob Spivey, 15 years old, of Guilford county, serving six months for trespass and stealing a baseball mit.

Corporation Commissioner S. L. Rogers, just back from Banners, Elk and Bakersville, says the damage to crops and farm lands by recent heavy rainfalls throughout these sections of the mountain region is very great, but that there are on every hand evidences of increased business activity and revival of prosperity throughout these sections.

The Briggs-Shaffner Co., Winston-Salem, for machine shop and general construction work, was chartered today with $125,000 capital authorized and $22,200 subscribed by W. C. Briggs, W. F. Shaffner, F. H. Fries, H. F. Shaffner and H. F. Richter. Another charter is to the Holton Drug Co., Greensboro, capital $25,000 by E. C. Holton, J. P. Bradley and A. F. Fortune.

To represent North Carolina at the National Irrigation Congress at Spokane, Wash., August 9th to 14th, Governor Kitchin commissions the following: United States Senator Lee S. Overman, W. W. King, Stokes; G. H. Currie, Bladen; J. S. Poythess, Vance; G. O. Coble, Person; Jack Greer, Columbus; J. R. Henley, Iredell; F. W. Habel, Wake; J. W. Hill, Duplin; G. W. Lewis, Wilson; J. H. Stanley, Craven; J. A. Beaman, Sampson; W. K. Capehart, Bertie; Z. V. Jenkins, Nash; Sol. Gallert, Rutherford, and E. B. Lewis, Lenoir.

BELLICOSE WOMEN.

Robeson Sheriff Had Tough Proposition to Handle Yesterday.

(Special Star Telegram.)

Lumberton, N. C., June 15.—Considerable excitement was caused here for a while today. Two white women, mother and daughter, the mother probably 75 years old, living two miles from town, were arrested for selling liquor. The daughter was sent to jail in default of bond but the evidence against the mother was not sufficient to hold her. After court had adjourned the eldest of the couple got ugly and made things interesting. She went for one of the witnesses declaring she was going to do something mean, at the same time producing a bad looking knife. The justice ordered the sheriff to arrest her, which he did and is said to have received a terrible kicking as well as an abusing the like of which is seldom heard in these parts. She was also taken to jail, where she was ordered to remain until she cooled off. Taking the woman to jail is said to have been the toughest proposition Sheriff McNeill has encountered during his term of office.

MRS. CLEVELAND IN COURT

Witness in Defense of Late ex-President Against Brandenburg.

(By Wire to the Morning Star.)

New York, June 15.—Mrs. Frances Folsom Cleveland appeared in public today for the first time since her husband's death to testify for the prosecution in the case of Broughton Brandenburg, a magazine writer, who is charged with selling the New York Times a political article purporting to have been written by former President Grover Cleveland.

Mrs. Cleveland was dressed in deep mourning but was self possessed though pale, while on the stand. She declared emphatically that the signature to the article in question was not that of her husband. Also, she pointed out the differences between the signature and the genuine Cleveland signature as it appeared on several checks which were handed to her.

The former President wrote with a very unsteady hand during the later years of his life, the witness said, whereas the name signed to the Brandenburg article was written in a comparatively bold, legible hand, more like that of Mr. Cleveland during his younger days in the White House.

A bunch of four safeties, one of them a double by "Handsome Harry" Levy, and a brace of stolen bases in the very first inning, gave the Sailor lads the game with Goldsboro yesterday afternoon by the score of two to nothing. "Reuben Howard" let his former team-mates down with only a single hit and the team behind him played perfect ball.

The game was delayed until 4:30 o'clock on account of the heavy rains but when "play ball" was finally called, Wilmington presented a new batting order with Conn first up. He singled to centre and was followed by Jayes, who flew out to pitcher; Brodie was up and Conn stole second; Brodie placed a neat one in the infield and stole second; Smith, next up, lined a hot one to right field and Conn crossed the plate, but Brodie was out at home. Levy came up and Smith stole second, scoring on Levy's two-base hit to centrefield. There was enough glory in that and "Bertram" Kite fanned at three nice ones. A pass to Smith, for Goldsboro, and a sacrifice by Gettig was followed by Steinbach's bunt to third, forcing Smith at third while Crockett was out, pitcher to first.

In the second Sharp flew out to centre, Nichols singled to right, Howard fouled out to first and Conn fanned after Nichols had purloined second. Doak, for Goldsboro, flew out to centre and Seal and Zenelli were easy victims of Howard's deceptions.

In the third after Jayes fanned, Brodie singled to centre but was out with designs on second; Smith walked, but Levy was out to first unassisted. Fulton singled to centre, the only hit of the game, for Goldsboro, and was sacrificed by Stoehr, but was later caught off second by "Bertram" while Goldsboro Smith flew out to centre.

Sharp walked in the fourth after Kite flew out to short and was sacrificed by Nichols, but the "Reuben" fanned. Gettig fanned and Steinbach and Crockett flew to the outfield. Stubbe went into catch in place of Fulton.

Conn led off the fifth with another single and was sacrificed by Jayes, who bunted down first base line and was out Crockett to Steinbach, Conn going to third on the play, but died there with Brodie's fly to short and Smith's to second. Doak fanned for Goldsboro and Seal and Zanelli were out to the field.

Both teams were out in order in the sixth and seventh with the exception of a pass to Goldsboro Smith in the sixth, while Jayes started the eighth with a single to left and was sacrificed by Brodie, Smith running out a bunt and advancing Jayes to third. Levy flew out to second and Capt. "Dick" was caught off second. Goldsboro out in order. Sharp and Nichols made neat singles to centre after Kite was out short to first in the ninth, but Howard was out, second to first and Sharp was caught trying to steal third. Goldsboro was out in order in her half of the ninth.

The official scorer gives Howard a hitless game and credits an error to Sharp on Fulton's single in the third inning, but those on the telegraph bench by which the matinee at Struthers' is furnished, said over the wire yesterday that Sharp had no chance at the drive and are inclined to credit the hit to Goldsboro and relieve Sharp of the error. The game was one of the prettiest ever witnessed at the matinee, but unfortunately everybody expected rain and the attendance yesterday was slim. It is hoped that the patronage of the matinee will increase so that it may be kept open. The managers "played" a losing game yesterday, but hope for a better attendance today.

EX-GOVERNOR GLENN DENIES IT.

Yesterday morning The Star republished from the Charlotte Observer a sensational article sent to that paper by its Washington reprenentative, Mr. H. E. C. Bryant. That article stated that there is much talk in Washington about "what has become known as 'the Daniels-Glenn movement,' which is said to contemplate the retirement of Senators Overman and Simmons and six of the North Carolina House delegates, and to elect Josephus Daniels, editor of the News and Observer, at Raleigh, now national Democratic committeeman from the State, to succeed Simmons, and former Governor Robert B. Glenn to succeed Overman."

Governor Glenn denies the allegation, according to a Winston-Salem special to yesterday's Raleigh News and Observer under date of June 14th. Our Raleigh contemporary's special dispatch follows:

"Ex-Governor R. B. Glenn will leave next Monday for High Bridge, Ky., to resume his lectures in behalf of home missions for the South. From there he will go on an extended tour through the West. The ex-governor's attention was today called to some of the newspaper comments anent his recent criticism of the acts of certain North Carolina representatives in Congress and 'Red Buck's' story to the effect that ex-Governor Glenn and Editor Josephus Daniels, of the Raleigh News and Observer, are in training with the view of being elected to seats in the upper branch of Congress, the plan as outlined being for the editor to succeed Senator Simmons and the ex-Governor to take Senator Overman's job. The ex-governor went on to say that some of the papers talk like he is endeavoring to get back in politics. Mr. Glenn laughed heartily and said:

"'I don't have to get back in politics; I am already in politics and expect to remain in politics as long as I can do anything to advance the interestn of the Democratic party.' Continuing, the ex-governor went on to say that he was not seeking any office, 'just simply to call attention to party pledges,' that he wanted members of Congress to carry out the wishen of their constituents regardless of personal interests or the interests of any special community. 'I have the highest respect personally for every member of Congresn,' declared ex-Governor Glenn, who added that 'most of them are my friends and I theirs.' He went on to say that 'if they vote for protection to lumber or timber how can they criticise Louisiana Senators on sugar, the Senators from Pennsylvania and West Virginia on iron and steel.' The ex-governor was very emphatic in the declaration that in order to 'avail anything in criticising the Republican party we must stand true to Democratic doctrine, which in a tariff for revenue only; government economically administered and protection for the masses instead of a privileged few; that any departure from these principles makes it utterly impossible for our party to make an issue of the tariff in the next election, and that is, in my judgment, the only one to hope to win the next election.' The State's ex-chief executive stated further that he could always be found ready to canvass the State for the principles of Democracy, and that now he only desired to call attention of the members of Congress to what he thought were party necessities.

"He expressed himself as being very much pleased with Senator Overman's speech on Saturday, 'It rang clear, and if the Senator votes against the tariff bill, as he says he will and stands against protection, he will deserve to have it said of him: 'Well done,'" said the ex-governor.

Red Buck's article certainly stirred the State from center to circumference, but so far as he is concerned, and so far as concerns the probability or the improbability of the story, he is not responsible, for he was merely sending rumors and news as he picks them up from North Carolinians who drop into Washington occasionally.

The facts in the case, however, are that the Governor in an interview some days ago did vigorously criticise the Democratic Senators and Representatives who voted against free lumber, while Mr. Daniels' paper has featured several articles with box car heads with the evident purpose of exposing the Senators and Representatives to the charge of inconsistency in the stand they have taken at Washington.

With due defference to all concerned, and with the best interests of the Democratic party in the State at heart, we must candidly say that all the incidents connected with this affair have been overworked. To criticise is the privilege of a citizen and the function of a newspaper, but to hammer on the subject and rub it in, naturally would make it appear to Senators Overman and Simmons that a "fight" is being made on them.

As to the position of the Senators with reference to voting for a merely revenue tariff on lumber, a mountain has been made out of a molehill, and the strong probability is that the alleged "Daniels-Glenn Movement" will excite unwarranted and prolonged hysterics.

SOUTHERNER FOR THE CHINESE MISSION.

The South's trade with China is larger than that of any other portion of the United States, and connequently this section is deeply interested in the development of our trade relations with that country. China takes millions of dollars of the South's cotton goods, and it would take more if a diplomatic and able Southern man were sent there by the Government.

It is announced from Washington that if the Southern cotton manufacturers can agree on a good man, one well equipped mentally and financially, they might have President Taft send him to China an their representative. It is said that the position has been offered to two business men who declined it, says the Charlotte Observer's Washington correspondent, who adds: "The South's interest in China entitles it to a hearing and it is said that the President is ready to give it."

The man who is eminently fitted in every way for the Chinese mission is Mr. D. A. Tompkins, of Charlotte. He is qualified "mentally and financially" and is the man who can thoroughly grasp the trade situation in China. He would be quick to find out the needs of the Chinese and his broad vision and business acumen would discover the way for our cotton manufacturers to meet all the requirements. He adds marked ability to all the qualities fitting him for the representative of the United States in China.

CHARLOTTE'S HALLUCINATION.

The Charlotte Observer makes this break:

"New Bedford, the most important American centre of fine cotton goods production, han begun a lively race with Worcester, Fall River and Lowell for the rank of second city in Massachusetts. Why don't Wilmington, Greensboro, Winston-Salem, and perhaps one or two others get up a race like this in North Carolina?"

This is only a sly way of "talking Charlotte" on the exparte estimate of the Queen City's population by an unsuspecting city directory man who fell into the hands of the booster boys. The city directory man should have known better than to have enumerated all those South Carolinians who happened to be in Charlotte when he was getting up the directory. Any how, Charlotte might be ruled out of contesting for first city on the ground that the Charleston News and Courier is ready to offer evidence that Charlotte is a South Carolina city.

The Norfolk Virginian-Pilot observes: "New York marketmen are trying to explain the latest rise in the price of meats. How should they know? The Prices are made in Chicago, Omaha or Kansas City."—Sure! Why, the packers are liable to roast the meat dealers for their presumption in pretending to know packing house secrets.

Again the famous interrogation of the New York Herald comes to the front. "What is a Democrat?" The World ought to know by now that a Democrat is a man who gets cold feet when you attempt to get him to stand on any thing that resembles a platform.

Justice Gaynor, of the New York Superior Court, is a Democrat, and he speaks out in meeting when it is necessary. Recitly he declared that "certain officials and their bosses are up to their armpits in thievery." Remarkable to relate, when they wade in that deep they generally get in the swim.

Greensboro Telegram: "Senator Simmons is reported from Washington as 'hitting back at those who would hound him.' So to differ with a man is to hound him, is it?" Please excuse Senator Simmon, for the noise in his rear really may sound to him like somebody is on his trail.

The average man gets a move on him when he hears a "honk, honk," behind him. Some Wilmington men, however, get a move on them in the direction of their attractive homes when you make a noise that is intended to attract them to a meeting to talk Wilmington.

It is stated that Congress will appropriate $17,000 in order to enable President Taft to take a trip to Alaska. If the President don't care to take that trip and will appoint us as his substitue, we'll join him in one of those smiles.

"If Senator Simmons is being hounded, we wonder what it is that is being done to Senator Aldrich?" asks the Greensboro Telegram. Oh, well, when it comes to Aldrich he always did move around so as to make a cold trail.

"Stay home, young men," advised President Finley of the Southern Railway in his commencement address at the North Carolina University. Young men, North Carolina is the proper place to stay. Come here and "stay home."

New York claims to have a woman who made a blind man see. Huh, there are thousands of North Carolina women who can make a man see sights.

The Venezuelan filibustering expedition han served to make the whole country "talk Edenton."

CURRENT COMMENT.

—If those attempted filibustering expeditions lead Venezuela to declare war against North Carolina we shall forecast Venezuela's finish as due in short order.—Charlotte Observer.

—The so-called "Daniels-Glenn movement" in the Democratic party in North Carolina at least furnishes something to talk about during the dull season.—Winston-Salem Journal.

—They are talking now that Nebraska will send Mr. Bryan to the Senate in 1910, and New York will send Mr. Roosevelt. It will be a big improvement. By the way, does anybody know the name of either Senator from Nebraska? Is Depew still alive?—Raleigh News and Observer, June 15.

—The esteemed Washington correspondent of the Charlotte Observer unearthed a new sensation the other day—a scheme to send Editor Daniels and former Governor Glenn to the Senate to succeed Overman and Simmons. There is nothing like earning the money; to take it otherwise is too much like getting it from home.—Greensboro Record.

—Gee, but they are coming out strong these days. Here's Senator Simmons, of North Carolina, who says: "After twelve years of defeat and disaster, Bryan has no right to dictate to us in the Senate." And Senator Smith says in the same breath. "Bryan had four chances to lead the party to victory and failed utterly. He should leave the salvation of the party to Democrats in Congress." It all sounds like rebellion. It would be interesting to know what Senator "Bob" Taylor thinks of it; he's one of Mr. Bryan's "goats," too.—Chattanooga Times.

—A man who lives about five miles from town bought an article in Chicago recently for 90 cents and when it arrived last week he found that the freight on same was $1.20—the freight amounting to just what he could have bought the article for here in the first instance. Things are not always what they seem. Next time that gentleman thinks he sees a bargain in ordering goods he will doubtless investigate and find out beforehand whether or not he cannot in the long run save money by buying from home merchants.—Lumberton Robesonian.

—Jay Gould got his money in the easy Wall street fashion, but his spirit must have stirred uneasily at the public disclosures of how many thousands of it was spent by the fleshy wife of one of his sons. The purchase of $2,000 worth of shoes and stockings at a time, the squandering of a fortune for a single bauble, this, with the scandal and insinuations attached to the woman who bears the Gould name, are enough to cause a commotion in a certain mausoleum, if the remains of the most distinguished occupant thereof are at all sensitive.—Chattanooga Times.

TWINKLINGS.

—Anything to Oblige—In divorcing a fool and his money most of us are willing to be named as corespondents.—New York Press.

—The Real Thing—"Are your neighbors all right, socially?" "Oh, yes! They have six motors, ten bulldogs and one child."—Scraps.

—Wealth's Vagaries—"I understand that old bullion has just ordered another parlor car." "Yes, he happened to think of a good name for it, and had it built."—Cleveland Plain Dealer.

—"A woman is as old as she looks," quoted the Wise Guy. "Before or after she is dressed to go out?" queried the Simple Mug.—Philadelphia Record.

—Gertie—Do all fairy tales begin with "once upon a time?" Bertie—No, most of them begin with "I was detained at the office, dear."—Seattle Post-Intelligencer.

—Mrs. Wellbilt—Well, what do you think of my masquerade costume? I am a page. Mr. Wellbilt—A page! Heavens! You look like a whole volume. —Black and White.

—Venus had just risen from the foam. Still, I shall let some nice young man teach me how to swim," she declared. Thus she proved herself a Summer girl.—New York Sun.

—Picked His Man—"The old man told me if I wanted to marry his daughter I would have to go to work." "Well, did you work?" "You bet I did. I worked him."—Baltimore American.

Sealed proposals will be received at the Clerk and Treasurer's office, until 11 o'clock, A. M. July 2nd. A. D. 1909, for removing all the street sweepings, dead grass, leaves, dead trees, fallen trees and trimmings, all living trees, when ordered by the Superintendent of Streets. Remove the contents of all sand traps at least once each week, and regularly after all hard rains, and keep them in a sanitary condition, removing the accumulated sand in all sand gutters at least once each month, and oftener when necessary, cleaning streets and gutters from snow and ice when ordered. Sprinkle all streets now sprinkled by the Streets and Wharves department, unstop all chocked drains, and keep them free from obstructions. Keep street gutters open and free from grass, weeds and obstructions of all kinds, including sand. Cutting the grass and weeds from plazas at least once a week. Sprinkle all streets before sweeping and sweep all streets that have been heretofore swept under the direction of the Streets and Wharves department.

The following streets to be swept as follows: Front Street from Orange street to the depot of A. C. L. R. R. Co. daily.

Market and Princess streets from Water to Fourth street daily. Sweep all alleys from depot to Orange street and from Water to Second street once a week.

Sweep Water from Dock to S. A. L. R. R. twice a week.

Sweep Fourth from bridge to Nixon street twice a week. Sweep all alleys, streets and wharves, when requested by the Superintendent of Streets, or the Mayor of the City of Wilmington. Place all danger lanterns or signals at obstructions when notified by police or other public officers, or when discovered and attention is needed.

Parties making a bid for the above will accompany the same with certified check of $500.00, and will submit a bid for the purchase of such horses, carts and harness, as the City of Wilmington is now using in the city work, including the sprinkler and street sweeper, now owned by the City.

The successful bidder will be required to give a bond in the sum of not less than $10,000.00 each year, for the faithful performance of his duties, with all the necessary forfeiture clauses contained therein, recognizing the right of the Mayor, at any and all times to call attention to the non-performance of the conditions of the contract.

—Fayetteville, June 14.—The people of historic Fayetteville and Cumberland will anticipate the Fourth of July this year in the celebration of the 134th anniversary of the adoption of the "Liberty Point Resolutions," a declaration of independence by the Cape Fear patriots on June 20, 1775. As the anniversary falls on Sunday the celebration will be held on Monday, the 21st. Chief Justice Walter Clark will deliver the address at Old Liberty Point, near the center of the city. Among the events will be: band concerts, a grand military and veterans' parade: automobile races, floral parade, league baseball between Fayetteville and Raleigh, firemen's contests and exhibitions, fireworks, and a reception and colonial ball. Chairman McNeill has engaged experts to dress the town in gala costume. Bunting and flags will adorn the principal streets and buildings. He has secured the loan of several hundred flags from the United States War Department, valued at $8,000, which will form the principal part of the decorations on the main street. The military companies at Raleigh, Wilmington, Clinton, Lumber Bridge and Bennettsville have been invited to join the local military battalion in a big military display. Every Confederate veteran, through their camps in all adjoining counties, have also been invited to join with their Cumberland comrades and enjoy the day with them in a great reunion. Captain McNeill, chairman of the committee on arrangements, is leaving nothing undone to make the celebration the greatest that has ever been held in this part of the State.

—Mr. Bryan has simply put their record clearly before the country. He has not sought to dictate. He has not sought to impose his will, but the will of the party, on these men. We do not wonder that they resent the remarks of the late candidate, for their application is painfully direct. So we have Simmons, of North Carolina, who voted for a $2 tax on lumber, saying that though he had followed Bryan for twelve years, he does not see "what right he has to dictate to us in the Senate who are attempting to put the party before the people in a manner which will enable it to recover from the effects of his leadership." And Simmons is going to do this by considering the interest and the will of the people of my State, just as Mr. Bryan did." "I have," he says, "to answer only to the people of North Carolina, and care nothing as to what Mr. Bryan thinks or writes." In other words, Simmons is going to commend the Democratic party to the people, according to his own statement, by making it the guardian of the special and local interests! This is a fine scheme for the development of a general and national policy.—Indianapolis News. (Dem.)

—The mass meeting of veterans in Memphis objected decidedly to the design of the proposed monuments to Southern women, exhibited by Gen. Irvine C. Walker ,chairman of the committee. The plan is to have a monument to each Southern State to the honor of the Southern women in war times; but the design presented showed a classic figure, in Greek drapery, bearing aloft a flag and brandishing a sword. No lady of that description was seen in these parts during the war, unless in a theatrical performance. Southern women were draped in Southern cotton and mostly engaged in providing food and raiment and bandages for their husbands, sons and sweethearts at the front. Their costume, even the most fashionable, was rather a far remove from Greek drapery. The monument committee is advised by the mass meeting to bring forward some statue with more clothes on.—Mobile Reporter.

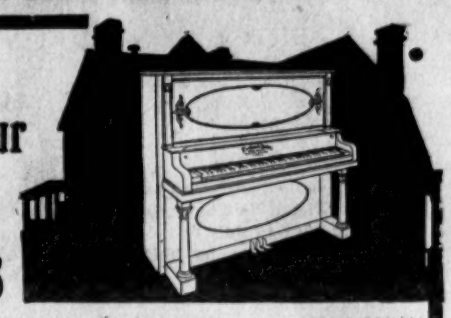
Put a Piano in Your Home and Save $113



If you can spare a few cents a day you can join the Ludden & Bates Piano Club and have a piano in your home at once. For $287 we sell you an elegant, high grade cabinet grand piano valued at $400. Right here you save $113, but we also arrange for a free musical education for you—instruction that has the approval of the country's foremost experts. The piano is placed in your home upon payment of the initiation fee of $25 and the balance can be paid a little at a time to suit your convenience.

We offer this unparalleled opportunity because we sell in lots of one hundred instead of one—that is the club plan—and you get the benefit of the big saving.

The Ludden & Bates New Scale PIANO

embodies finest material and workmanship, and is equal to highest priced instruments.

It has full metal frame, overstrung bass, copper wound strings; the full, clear, sweet, "singing" tone found only in the best pianos—case in several superb designs, in mahogany, oak or fancy walnut. It is guaranteed for a lifetime.

If the head of family dies we cancel club contract and the piano is yours without payment of another cent, and remember that with all this high quality—all insurance against loss, we teach you music free. A stool and scarf are given free with every piano.

Write us at once for an application blank and complete description of different styles of finish. We will select a piano of just the exact style and wood you desire. We will see that you get a perfect instrument in tone and action.

Write for full information at once—club is now forming.

—Some weeks ago Josephine Austin, colored, swore out a warrant against Peter Austin, her husband, on the charge of slapping her. She later swore out a peace warrant. The negro could not be found by the officers. Yesterday the couple united and happy, appeared at Justice Bornemann's for a final adjustment of their differences. The woman paid the costs of the warrants and the man was recognized to keep the peace for two months.

BOARD OF EDUCATION MEETS

Routine Matters Transacted at Regular June Meeting—New Board Takes Charge of Educational Affairs in July.

What will probably be the last regular meeting of the present Board of Education of New Hanover county was held in the office of Prof. Washington Catlett, superintendent of public instruction, at the Court House yesterday morning at 11:30 o'clock with Chairman George Rountree presiding and the other two members of the body, Messrs. W. H. Sprunt and Donald MacRae, in attendance. The board was in session for a little more than an hour and only business of a routine nature was transacted.

The school fund books of County Treasurer H. McL. Green were audited by the board and showed a balance in the general school fund of $5,876.32, from which several small amounts belonging to rural districts is to be deducted. Superintendent Catlett stated that the board would have in the general fund at the July meeting about $2,500 from which to make the apportionment as against from $10,000 to $12,000 in former years. The school money is not needed before September, however, and the special tax recently voted will be available by that time.

The chairman and secretary were authorized to sell the old school house and lot in district No. 10, on the Holy Shelter road, to Mr. Sam Blossom for $100, the property not being needed any longer as a new building has been rected at Castle Haynes, nearer the central part of the district. The old school house has not been used in three years and the building is decaying rapidly.

At the July meeting the old board will retire and the new one will take charge of the educational affairs of the county. The incoming board will be composed of Messrs. W. H. Sprunt, James H. Chadbourn and John H. Hanby, the former being a member of the retiring board.

The members of the board are not certain whether or not the law requires them to be present at the July meeting, and Professor Catlett has written State Superintendent Joyner asking for an interpretation of the law. Some of the members are of the opinion that the retiring board should meet in July, and audit the treasurer's books and receive any other reports of the month, after which the new board should take charge, appoint the committeemen and make the annual apportionment of the school funds and transact any other business that comes up for consideration.

Women Who Are Envied.

Those attractive women who are lovely in face form and temper are the envy of many, who might be like them. A weak, sickly woman will be nervous and irritable. Constipation or Kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. For all such, Electric Bitters work wonders. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion. Many charming women owe their health and beauty to them. 50c at R. R. Bellamy's.

WHITE WASH FABRICS.

Hundreds and hundreds of yards of snowy billow white, clear and as spotlessly white as the fleecy clouds which hang over the snow-topped mountains. Sheer white Lawns and Swisses, soft lustrous Madras, and sturdy Suitings, of Flaxon, Linens and Linenes. Beautiful fabrics every one that sound the clarion note of desirability in Summer white stuff. White is always beautiful, always attractive and especially so at this season of the year when the sun nymphs dance on hill and plain. You love beauty, of course you do, then come revel in the beauties of artistic handicraft in beautiful cottons.

WHITE LAWNS.

Nothing ever seems to take the place of white lawn, Winter and Summer alike, but especially when Old Sol hovers overhead it is in great demand.

Its open texture, its sheerness makes it cool and comfortable at all times. Also it stands wear and tear well and for a host of other reasons it is without a peer for shirt waists and similar garments. We have a most complete line, 5c to 25c per yard.

KILLKENY WHITE LINEN SUITINGS
19c Quality Reduced to 12 1-2c.

'Twould be almost like carrying coals to New Castle to describe the beauties and the good qualities of Killkeny Linens to Wilmington women folks. There's not a one who doesn't know of its rugged, never wear out qualities, its ability to meet every test.

For that reason the news of this striking reduction in them should be most welcome. We doubt if they will linger long at the price. If you would save many a dollar toward the vacation fund come early.

WHITE MADRAS.
12 1-2c to 39c.

Madras with its soft, lustrous weave and texture is one of the leading candidates for Miladi's favor. It is here in a host of different weaves and designs ready to tempt with both beauty and price.

Its popularity depends upon its wonderful combination of beauty and strength, its ability to give wear and service. Come look the new stuffs over.

WHITE DOTTED SWISS.

The beauties of the dotted Swiss have been sung in song and story. There seems to be something about this dainty little weave that attracts everyone.

Yet, as one gazes on them, these early Summer days as they lay resplendent in the beauty of early Summer, one soon realizes why they hold so great a charm for even mere man.

The new Summer weaves await you 12 1-2 to 35c.

FLAXON SUITINGS.

The name Flaxon has swept the country from coast to coast and from the lakes to the gulf. Behind everything there is a reason and the reason in this case is thenatural hardihood of the fabric combined with its natural beauty. No stardier suiting ever left the loom. Certainly none ever looked their worth more. 15c and 25c per yard.

WHITE LINENES.
36 Inches 12 1-2c.

These hardy imitations are well in the van of popular favor this Summer. They are especially adapted for the tailored waists and suits and similar purposes.

Good sturdy threads, closely woven have formed a fabric which only experts can tell from real linen. If you want a fabric that will stand the hard knocks without showing the least wear, you should buy these white linenes.

PROHIBITION VIOLATORS

Negro Sentenced to Six Months on County Roads—Appeal Taken. Cases Against White Women Continued.

Denizens of the under world were well represented in the Recorder's court yesterday mroning, there being some six or eight women of questionable character in the court room either as witnesses or defendants. The charge against the women is selling beer in violation of the prohibition law. Only one case was investigated, the hearing of the others being postponed until Thursday morning, at which time the Recorder will announce his decision in the case heard yesterday.

The first case taken up was again D. G. Capps and Henry Mintz, charged with an affray, a continuance until today being ordered on account of the absence from the court room of one of the defendants, Mintz. W. P. Gafford, Esq., asked for and was granted a continuance in the cases against Lucile Garrison, a white woman, and Thos. James, alias "Lomack," colored, charged with selling whiskey, on the ground that he had not had time to examine the warrants and make preparations for trial.

The witnesses against Pauline Thornton, a white woman, who lives at 11th and Chesnut streets, charged with selling beer, were E. S. Cook and W. C. Horn, the latter a special officer, who testified that they purchased beer from the defendant at her home a few nights agoñ Mr. Cook said he bought two bottles for which he paid $1 and that it was strong enough to make him "feel kinder funny." The witness said that he knew it was genuine beer because it had "G. B. S." on the label. He contended that if it had been near-beer it would have been labeled near-beer on the top of the bottle. Brooke G. Empie, Esq., who represented the defendant, had an instanter subpeona issued for L. T. Capps and Ralph Kennedy to give testimony relative to the labeling of beer and near-beer. Mr. Kennedy said some of the near-beer was so labelled and some was not, and Mr. Capps testified that "G. B. S." would not make a man drunk for he knew a man who drank 26 bottles and called for a drink of whiskey to make him feel good. The defense claims that it was near-beer and not the genuine stuff that was sold.

Mr. Horn testified that he bought three bottles of beer from the defendant and paid $1.50 for it. The witness said he had been on the police force as a special since the 4th of the month. "I'll see that you'll not be on the next 4th," was the quick retort of the defendant's attorney. Mr. Empie asked the witness several questions as to why he was spending his time around such houses and received the reply that he had been instructed to do that kind of work. The witness said that he visited a number of such houses.

Mr. Empie in his argument of the case scored the police and inquired if they were an organized band of law-breakers. Mr. Horn had not acted according to his conception of a policeman's duty. County Attorney Marsden Bellamy, who conducted the prosecution, in his argument, replied to the reflection on the policemen by saying that the officers of the law had a great many unpleasant duties to perform in detecting crime and hunting down criminals.

At the conclusion of the argument of counsel Recorder Furlong announced that he would reserve his decision until the trial of the cases against the other women, in some of which the same witnesses will appear.

The case against Gussie Greer, a white woman, living at 9th and Castle streets, for violating the prohibition law, was continued until today on account of the absence of a material witness, John Redd, who, it will be recalled, was himself arrested a few nights ago on the charge of retailing but the case never came to trial. Hon. John D. Bellamy appears for the defendant.

The next and last case tried was against Lewis C. Covington, colored, who conducts a grocery store at 612 Nixon street, charged with selling a half pint of whiskey to E. S. Cook and John Burton, and he was found guilty. He was sentenced to six months on the county roads. His attorney, L. Clayton Grant, Esq., gave notice of an appeal to the Superior court and bond was fixed at $200, which the defendant had failed to give yesterday afternoon. Burton testified that he did not purchase any whiskey from Covington, but that Covington gave he and Cook a drink. He also stated that he borrowed $1 from the defendant. Mr. Cook said that he gave the negro 50 cents, which paid for the whiskey, two drinks of wine and package of cigarettes. The defense claimed that the negro had only $1 and that he let Burton have that, Burton getting 50 cents for him from Cook so that he would not be left without a cent.

HOW TO GET FAT.

Use Samose, Says Druggist Bunting and Put on Good Flesh.

The almost universal interest in physical culture is the best evidence that can be offered as to the need of a simple and scientific method of making thin people fat, increasing strength and restoring health.

Athletics, when carried to an extreme, often result in straining the vital organs. How much better it would be for the average person to regain health, strength and flesh by using Samose. This flesh-forming food is assimilated as soon as it enters the stomach; it helps the organs to assimilate the food and extracts the flesh forming elements; it builds up the muscles and rounds out the limbs into shapely plumpness.

Samose has been so successful in making thin people fat and restoring the weak and run down to strength and health that J. Hicks Bunting, the popular druggist, sells it under his personal guarantee to refund the money if it does not benefit.

An offer like this certainly shows remarkable faith in the powers of Samose to do all that is claimed for it. No one should suffer any longer from a thin, run down condition, now that Samose's remarkable powers are known.

PURSE AND MONEY LOST.

Railroad Agent at Bolton Had Misfortune Returning Home Monday.

While returning home from Wilmington on the early Florence train Monday morning, Mr. D. B. Monroe, A. C. L. agent at Bolton, N. C., had the misfortune to lose his purse containing about $200 in currency either in the waiting room in this city or in the cars after he boarded the train. Mr. Monroe had been to Wilmington on a business trip and did not discover his loss until he had reached home. He telegraphed to Capt. W. L. Jones, the conductor, after the train had passed Bolton and asked that a search be made for the lost purse, but no trace of it could be found on the cars. The money was mostly in $20 notes and was wrapped in a railroad envelope with some bills from the J. W. Fleet Co., this city. There was also a lady's small black purse. Mr. Monroe will pay a liberal reward for the return of the lost property to him.

Enjoyable Sunday School Picnic.

One hundred and fifteen members of the Sunday School of Immanuel Presbyterian church enjoyed an outing at Carolina Beach yesterday, the occasion being the annual picnic of the school. TRIED TO END HIS LIFE

Milton Breckenridge Grows Despondent and Shoots Himself in the Head—Condition Favorable. Well Known Here.

A distressing case of attempted suicide was that of young Milton Breckenridge, a well known young white man, who shot himself in the mouth while standing near corner of Fourth and Red Cross streets, yesterday afternoon at 2 o'clock, the act being attributed to despondency over the loss of money and heavy dissipation. While his condition is serious, it is believed he has a chance for recovery.

The young man was a former resident of this city, and was associated with his father, the late John L. Breckenridge, in the hardware business, and later as a clerk in the Murchison National Bank. He only recently returned here and is said to have been canvassing the city with a patented clothes washer.

While standing in Smith's store, on corner of Fourth and Red Cross, apparently waiting for the heavy rain to cease, he made some remark to those standing nearby to the effect that he was going to kill himself. Shortly afterwards he walked out of the place and standing a short distance away from the corner, he pulled out his pistol, broke it, and let the cartridges fall in his hand. Re-loading the weapon he placed it just above his chin and fired one shot. He made no cry of any kind, but deliberately threw the pistol on the sidewalk and is said to have asked several who rushed up to send for a physician. Officer A. D. Smith, who was in that vicinity was informed and went hurriedly to the place.

Strange to say, after he had fired the shot, he remained conscious and stood until the ambulance arrived. Officer Smith asked him what he wanted to shoot himself for, and he replied: "I have been drinking and dissipating a good deal; lost $150 the other night, am getting tired of it and can't quit it; just thought I would put an end to it this way."

He grew weak from the loss of blood and would probably have fallen to the street, but for the quick arrival of the ambulance, with the attending physician, Dr. Seem, who hurried him to the James Walker Memorial hospital. At a late hour last night his condition was favorable. He still remains conscious and it is believed that the bullet did not strike any vital spot. The physicians will probe for the bullet today.

The young man is 26 years of age. His father, John L. Breckenridge, moved from this city to Charlotte about 10 years ago, and has been dead some two years.

ANTI-TUBERCULOSIS LEAGUE.

North Carolina Branch of Colored National Organization Formed Here.

Under the auspices of the United States Public Health and Marine Hospital Service, leading colored ministers and laymen of the Wilmington churches have formed a North Carolina branch of the Colored Anti-Tuberculosis League, recently inaugurated at the meeting of eminent public health specialists in Washington City for the purpose of organizing among the colored people themselves efforts for the prevention of the spread of the Great White Plague among members of that race. The meeting yesterday was at Mt. Zion Church, Fifth and Swann streets, and Rev. Wm. A. Clark, of Christ's Congregational Church, was elected temporary president, and Rev. C. J. Wilcox, temporary secretary. The meeting was addressed by Dr. C. H. Gardner in charge of the U. S. Marine Hospital in this city, and Dr. W. D. McMillan, county superintendent of health. These gentlemen were well pleased with the avidity with which leaders of the race took up the question and an active organization will result. This movement is entirely independent of, but not antagonistic to the Red Cross Society work and will prove a valuable auxiliary of the latter effort. Georgia has already been organized, North Carolina is second; Mississippi will organize June 30th, Virginia on July 14th; Alabama, Arkansas and Texas later. A permanent organization here will be effected a little later.

CITY ENGINEER ON SALARY

Matter Brought Up and Discussed at Meeting of Board of Audit and Finance Last Night—Other Business.

The advisibility of placing the city engineer on a salary basis and putting him in charge of the work of installing the new sewerage system, was brought up before the Board of Audit and Finance, in regular semi-monthly session last night, but no action in the matter was taken as the members of the body did not consider that they had authority to act until the proposition came through the regular channels, that is by way of the Water and Sewerage Commission and the Board of Aldermen.

The meeting was called to order at 8 o'clock with Chairman M. J. Heyer presiding, and Messrs. Jesse Wilder, M. G. Tiencken and W. B. Cooper in attendance. Mr. H. C. McQueen was out of the city. Captain Thos. D. Meares, clerk to the board, was at his post. The first matter considered was with reference to letting the contract for police uniforms, the board concurring with the Fire and Police Commission in accepting the bid of W. J. Penry & Co.

A letter was read from Mr. J. H. Hinton, of the sewerage committee, of the Board of Aldermen, asking for an appropriation of $900 for making an investigation of the present sewerage system, etc. The clerk was instructed to write Mr. Hinton that the matter was to be handled by a joint committee from the two boards and that the appropriation should come over from the Board of Aldermen.

A bill for $100 for defending the chief of police in an action brought against him for false arrest was again brought up for payment. The board took no action. Chairman Heyer stated that his understanding of the matter was that a man and woman stole some diamonds in St. Louis and a couple answering the description of the one wanted in Missouri were arrested at Wrightsville Beach, being released later when it was discovered that they were not the right persons. Suit was brought against the chief of police, the plaintiffs realizing that the city could not be held liable. The case was not fought to a finish, however, the plaintiffs dropping the suit. The chairman did not think that the city should be liable for defending the case and his views met with the approval of the other members.

Practically the remainder of the hour and a quarter session was taken up with the discussion of the proposition from the city engineer. A strong communication, containing many valuable suggestions, was read from City Engineer Raymond Humphreys, setting forth in a clear manner his views regarding the installation of the new sewerage system, staing that a city engineer's office should be established, that he should be given assistants and office help, and he should be placed in immediate charge of all the work on the system, Mr. Tiencken stated that he was under the impression that the Board had no right to take action in the matter as it now stood. Mr. Humphreys was present and supplemented his written communication by giving the Board some estimates of the cost of the work under the plan now proposed and the one suggested by him. He believed that by the two committees working jointly the work could be completed in two years and the cost of supervision would not be more than $18,000, whereas under the present plan he estimated that it would take four years and the supervision work would cost $42,000. He pointed out to the Board that all progressive cities the size of Wilmington employed a city engineer at a stated salary. In his estimates he allowed $3,000 a year as the salary of the city engineer. The members of the Board seemed to concur with Mr. Humphreys that the work should be done according to specifications from one head. Mr. Humphreys was informed that the matter should first be considered by the water and Sewerage Commission and the Street Commission and the Board of Aldermen and then passed aver to the Audit and Finance Board for action.

Bonds for fulfilling contracts previously let were filed as follows: B. A. Merritt, furnishing wood, $100 bond, W. E. Worth, surety; Springer Coal Company, coal, $1,000 bond, J. V. Grainger and J. W. Yates, surety; The Morning Star Publishing Company, advertising, $100 bond, J. E. Thompson and Martin Newman, sureties.

Among the bills audited and ordered paid was one from the Gamewell fire alarm company for $1,000 for a new fire alarm repeater, which has arrived and is being installed.

PALMETTO BANKERS TONIGHT

Delegates Arriving for the Ninth Annual Convention at the Seashore Hotel—Special Comes This Afternoon.

Some thirty or forty bankers have already arrived in the city and the beach for the ninth annual convention of the South Carolina Bankers' Association, which convenes in the assembly hall of the Seashore Hotel, Wrightsville Beach, tonight at 9 o'clock. Several bankers arrived on the early trains yesterday morning and each train during the day brought others.

The regular trains today and tomorrow will bring many more and the special from Columbia, which arrives at 7 o'clock this evening, will have on board about 140 bankers and members of their families.

The "Bankers' Special" will be met at the union station this evening by the committee on arrangements, composed of Mr. C. N. Evans, chairman, cashier of the Southern National Bank; Mr. C. S. Grainger, cashier of the Murchison National Bank, and Mr. Chas. E. Taylor, cashier of the Wilmington Savings & Trust Company. The Tidewater Power Company will have a sufficient number of suburban cars waiting at the station to convey the visitors directly to the Seashore Hotel, where they will have supper.

The opening session of the convention, the time of which will be given over entirely to formally welcoming the representative citizens of the Palmetto State to this city and the beach, will convene at 9 o'clock. The invocation will be by Rev. A. D. McClure, D. D., pastor of St. Andrew's Presbyterian Church, following which Mr. C. N. Evans, of the Southern National Bank, will welcome the visitors in his usual happy style. Mr. William Calder, president of the Wilmington Clearing House Association, was named to deliver the address of welcome, but owing to illness he will be unable to fill the engagement. The response will be made by Mr. R. B. Caldwell, vice president of the Commercial Bank, of Chester. This will conclude the programme and the visitors will then be entertained at a reception and ball at the Seashore.

Hon. Chas. H. Treat, treasurer of the United States, who was expected to make the principal address Friday morning, may be unable to come on account of illness in his family and his place will probably be filled by Auditor Andrews, of the Treasury Department.

Mr. Venable, of the National Copper Bank, of New York, arrived yesterday morning and will be one of the prominent visitors at the convention. His wife arrived last night.

The local committee visited the beach Monday night and made final arrangements for the entertainment of the visitors. It was arranged to open an information bureau at Seashore Hotel with special telephone service. A stenographer and typewriter has been engaged and will be at the service of the visitors. The association will have one of its members present to give the bankers any information desired. The committee found that the reservations at the Seashore were very heavy and a much larger crowd than was at first expected will be here for the sessions of the convention.

Mr. C. N. Evans, chairman of the committee on arrangements, yesterday received a letter from Col. H. H. Ludlow, commanding the Coast Artillery Corps at Fort Caswell, expressing his regret at not being able to come up to the city and accompany the bankers on their visit to the Fort on Thursday. He stated that he would detail an officer to meet the Seminole at the fort landing and that every attention possible would be shown the visitors. The committee announces that owing to the large number of visitors and the limited space on the Seminole, no invitations can be issued locally for the trip down the river Thursday. The party will be made up exclusively of the visiting and local bankers and their wives and a few lady friends of the officers of the boat. The sessions of the convention are open to the public and ladies are especially invited to attend the reception and dance tonight and the big event at Lumina tomorrow night.

In addition to the large number of money-lenders from South Carolina there will be a good sprinkling of them from points in North Carolina, and the members of the local committee are expecting the best gathering of financiers ever held in this State.

Excursion and Baseball.

The annual excursion of Grace Methodist Sunday School will be run to Carolina Beach tomorrow and among the features of the day's outing will be a game of baseball which has been arranged between a team from the Sunday School and players from the city. The steamer Wilmington will make three trips to the Beach, in the morning at 9 o'clock, two in the afternoon at 2:30 and 5:15, and probably one in the evening.

Dr. Wiggins Dies at Sewanee.

The death of Dr. B. L. Wiggins, vice Chancellor of the University of the South, who passed away at Sewanee Monday afternoon from heart trouble, was learned of here with deep regret by acquaintances and former students of the institution. He had been connected with the University practically all of his life and was one of the best known and most influential educators in the South.

Very Grateful to Capt. Harper.

Rev. J. S. Crowley, Supt. J. W. Little and members of the Sunday School of Immanuel Presbyterian Church desire to publicly thank Captain John W. Harper for the delightful outing yesterday at Carolina Beach. The day was much enjoyed and the kindness of Captain Harper will ever be remembered.

Rehder's Summer millinery opening will be Friday and not today, as stated in Sunday's paper. **

Meeting This Afternoon at Offices of Messrs. Bellamy & Bellamy.

The seven prosperous and progressive building and loan association in Wilmington are to be formed into a building and loan league for mutual benefit and protection. Several preliminary meetings have already been held, but this afternoon at 5:30 o'clock at the offices of Messrs. Bellamy & Bellamy, in the I. O. O. F., building, there will be a meeting of all executive officers of Associations for the purpose of perfecting final organization. The meeting is quite an important one to the B. & L. Associations of the city and it is hoped there will be a very large attendance of those entitled to representation in the meeting.

Rev. T. A. Cheatham Resigned.

Rev. T. A. Cheatham will regret to Rev. T. A. Chetaam will regret to know that on account of the health of Mrs. Cheatham, he has been forced to resign as rector of St. Timothy's Episcopal Church of Wilson, effective July 1st and will spend July and August in Stamford, Cann., returning to Pinehurst, N. C., for the Winter. Many friends throughout the State hope for the early restoration of Mrs. Cheatham to health.

Wilmington Lodge, A. F. & A. M.

Wilmington Lodge No. 139, A. F. & A. M., last night at the regular communication elected officers for the ensuing term as follows: Worshipful Master, J. Mercer Taylor; Senior Warden, R. C. Cantwell; Junior Warden Geo. S. Boylan; Treasurer W. G. A. Obersen; Secretary Thos. F. Bagley. These with officers of other Wilmington Masonic lodges will be installed on St. John's Day.

"DOCTORS OF THE MASSES"

is what one writer has termed proprietary medicines.

Good, honest proprietary medicines like Lydia E. Pinkham's Vegetable Compound succeed, and the homes of the masses are blessed by them, while those which are worthless or harmful soon drop out. Thirty years of success in curing female ills is the record of Lydia E. Pinkham's Vegetable Compound.

SPIRITS TURPENTINE

—Raleigh News and Observer: The Monroe Journal states that Mrs. E. C. Hicks ,of that town recently won a $75 prize for a verse contributed in a contest carried on by an Atlanta music house. Mrs. Hicks was formerly Miss Pattie Montgomery, of this city, and her friends here will learn of her success with pleasure.

—Salisbury, June 14.—Walter Doby, aged 30 years, of this place, was killed by a freight train near Salisbury last night, his body being badly mangled. The body was found near the main line of the Southern, and it is thought he never heard the approaching train which killed him. He leaves a wife and several young children.

—Lumberton Robesonian: An ice factory will be numbered among the industries of Lumberton very soon. Dr. J. D. Regan has installed the necessary machinery in the building where he operate his laundry, on Second street, and he expects to begin manufacturing ice within two weeks. The capacity of the plant will be five tons daily.

—Goldsboro, June 14.—Goldsboro voted today on the issue of $150,000 in bonds for street and sidewalk improvements. So thoroughly has the issue been canvassed and the necessity for better streets and sidewalks recognized that the issue was carried by a large majority in each ward. The city is now on a boom and building is going on in every direction.

—Lumberton Robesonian: The first two rooms in the Lumberton Cotton Mills' new office building have been completed and furnished and were moved into Saturday. When all the inside work is finished this building will be fitted up with all modern conveniences, and it will be one of the most conveniently arranged and elegant office buildings to be found anywhere.

—Conway, S. C., June 14.—The negro, Melvin Watson, who murdered Mr. John Watson at Green Sea, on June 2nd, has been captured and placed in jail here. He was captured near the scene of the killing and hurried to the jail here for fear of lynching. The negro claims that he did not intend to kill Mr. Watson. The jail is well guarded.

—Hickory, June 14.—An agreement has been reached whereby the Southern Power Company will enter Hickory with its wires and deliver power to the Thornton Light and Power Company, which will distribute it to the consumers of electric energy. The Thornton Light and Power Company has a franchise to furnish electric lights for the city, and has heretofore opposed the entrance of the Southern Power Company into the city.

—Wilson, June 14.—This afternoon during a heavy downpour of rain lightning struck the Contentnea guano factory in the southwest section of Wilson and in a few moments the whole structure was a seething mass of flame. The factory and contents were the property of P. L. Woodard & Co., and was insured for only $3,000; a policy for $3,500 expiring on June 4th and another one for $1,500 on May 1st. The loss was $15,000. Only for the heavy rain and the excellent work of the firemen the Wilson Oil Mill would have gone up in smoke.

—Durham, June 14.—In the Superior court this morning a negro woman was charged with running a house that was against the laws of society. The State had on the witness stand two young girls, one who said she was 15 years of age and came here from Reidsville, and the other a young married woman, who said she was about 20 years old and came here from Henderson. They both swore that they had been to the house of a negro woman by the name of Viola Hicks. The negro woman was sent to the work house. One of the girls, the oldest one, was charged with vagrancy and the court has now this case under consideration. It is a sad case of young women being lost in a settlement of the kind.

—Elizabeth City, June 14.—The president and directors of the Elizabeth City & Albemarle Railroad made an inspection tour Saturday morning in automobiles of the proposed route of the railroad to run from this city to Weeksville and Lister's pier in the southern part of Pasquotank county The route is the one advocated by the promoter of the railroad, Mr. J. G. Wilson, of Weeksville, and traverses one of the most desirable and fertile trucking sections in eastern Carolina. The president and directors were delighted with the trip and expressed themselves as highly pleased with the proposed route. One director stated that the proposed route was level and direct and the plan to build and operate a railroad at low cost seemed to be feasibly. Mr. Wilson's estimates and calculations are generally considered practical and conservative. He has spent much time and money in the project and is well posted.

—Charlotte Observer: That city property is assessed at a figure far below what it should be is evidenced by a few figures which have been compiled. The Observer yesterday morning carried a story about a new block map which the city is to have made. This map will show all sections of property, giving the dimensions of each piece, its owner, its assessed value and then its market value. This map will certainly be ready by 1911 and possibly by next Summer. A few examples of low assessments is evidenced by the following Realy Building, estimated actual value, $300,000, assessed value, $37,000; Wittkowsky corner, Tryon and Fifth, actual value, $100,000, assessed value, $15,000; Burwell & Dunn corner, Independence Square, real value $60,000, assessed value $11,000; First aNtional Bank building, market value, $80,000, assessed value $24,000; Southern Express corner, actual value, $50,000, assessed value, $14,000; Trust Building, real value, $150,000, assessed value $55,000.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, June 14.—Early irregularity in the cotton market today was followed by quite a sharp advance in the last hour, with the market closing at a net gain of 8 to 14 points on the old crop and of 1 to 9 points on new crop months.

The local market opened steady at an advance of 2 to 5 points in response to higher cables and reports of continued showers in the central belt. There did not seem to be any active demand, however, and after the same months had worked up another point or two on covering and a scattering support eased off under realizing and local bear pressure; the latter based, apaprently upon the idea that current conditions were not creating a sufficient demand to establish higher prices and that a lower level might be necessary to attract a general buying movement. The forecasts indicated more or less generally unsettled and showery weather in the South but the details of precipitation did not indicate heavy rainfalls in the Mississippi valley as a rule and during the early afternoon prices worked off to a net loss of about 3 to 6 points.

Later the market rallied on very bullish wires from Mississippi concerning the crop outlook in that State and on rumors that a bullish private condition report would be issued tomorrow. The close was only a little off from the best under realizing. Southern spot markets as officially reported early were unchanged to 1-8c higher.

Receipts at the ports today 6,151 bales against 13,600 last week and 13,051 last year; for the week 35,000 against 51,232 last week and 53,995 last year. Today's receipts at New Orleans 1,176 bales against 2,960 last year, and at Houston 447 bales against 3,189 last year.

Spot cotton closed quiet 5 points higher. Middling uplands 11.40; middling gulf 11.65; sales 100 bales. Futures opened steady and closed firm.

THE DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, June 15.—The cotton goods market continues to harden, advances being noted on bleached goods, printcloths, drills and sheetings and other fabrics. The cotton yarn market presents a better character in the demand. The men's wear market is a very strong one. The export trade is generally quiet. Jobbers report a demand from cutters for all kinds of staple dress goods that are in light stocks at first hands.

MARKET GOSSIP.

(By Wire to the Morning Star.)

New York, June 15.—An effective element of the professional operators in stocks perfected a sufficient organization and gathered sufficient courage today to attack prices of stocks with vigor and determination and met with success in precipitating a sharp fall in prices. No threatening development in affairs was discernible to account for the apparent urgency with which stocks were pressed for sale. The weakness of the market was attributed quite generally to technical causes. Even the assurance that powerful interests were supporting the market to facilitate further floatations of new bonds lost its force upon consideration of the artificial nature thus attributed to the rise in prices. The outcome of these testing operations was to encourage the bear operations today in which short selling was extensive and offering down of prices followed boldly and with effect in uncovering stop loss orders. No small sentimental effect was produced on day's market by the violent decline in American Sugar. It took only comparatively light sales to break the price eight points. The disclosures in connection with the Pennsylvania Sugar Refining company and the heavy payments being made for settlement of litigation, were the causes of today's violent decline. The suspicion of the speculative position has grown stronger with the approach of the season at which money comes into increased demand. The constant expansion in the local loan account, the additional requirements ahead from further bond issues and the nearer approach of the crop moving period combine to suggest caution in the over extension of credits in holding stocks at high price levels. Liquidation was pushed up to the end of the day with prices off from one to over two points. Bonds were irregular. Total salen, par value, were $6,322,000 United States bonds were unchanged on call. Total sales today were 1,025,400 shares.

FINANCIAL MARKET.

Every Price Should Have a Reason.

It must be remembered always that it is not the price of an article which is important, but the reason for the price.

The bankrupt stock, the fire sale, the manufacturer's remnants, the annual clearance, the removal sale, the dissolution of partnership sale—what are these and many more but arguments for the price? And note this one point—that without the argument the price is powerless. Reduce fur lined overcoats from $100 to $60 and your liberal discount attracts little attention. Why? Because there is no reasonable explanation for the reduction. Why should you present overcoats to the public? But announce that owing to an expiration of your lease and the imperative command that you vacate your present store within two weeks you will reduce the price of your fur lined overcoats from $100 to $60 and you may sell easily all you have to offer. Instinctively the public sees the whole picture—the proprietor's anxiety, the inevitable removal, the lessening days, the final sacrifice and the store full of eager buyers, quick to seize such an opportunity. This is only half the reduction previously considered. But one is business without imagination, and the other is business with it.—Lorin F. Deland in Atlantic.

Could Not Fool Gladstone.

"The keenness of Gladstone's collecting eye, even in old age," the London Athenaeum says, "may be inferred from the story told us by a bookseller in Brighton. On one of his last visits Mr. Gladstone paid a visit to our informant and took up a nice book in an old French binding. 'What's this?' he said.

"'Oh, it's a book from the library of Catherine de' Medici.'

"'But there's no fleur de lis in the top lozenge,' retorted Mr. Gladstone without a second glance at it."

A Thrilling Rescue.

How Bert R. Lean, of Cheny, Wash. was saved from a frightful death is a story to thrill the world. "A hard cold," he writes, "brought on a desperate lung trouble that baffled an expert doctor here. Then I paid $10 to $15 a visit to a lung specialist in Spokane, who did not help me. Then I went to California, but without benefit. At last I used Dr. King's New Discovery, which completely cured me and now I am as well as ever." For Lung Trouble, Bronchitis, Coughs and Colds, Asthma, Croup and Whooping Cough its supreme. 50c and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

Raleigh Wins Game.

Raleigh, N. C., June 15.—Fine pitching by Bowles and good all around team work gave Raleigh another victory over Rocky Mount today 5 to 1. Score:

Rocky Mount ...100 000 000—1 3 2
Raleigh .....000 310 010—5 9 0

Waymack and Walsh; Bowles and Rowe; time 1:50; attendance 800; umpire McLaughlin.

DOPE DRIPPINGS.

Better, thank you!

No tiddledy-winks in that game.

Contemplate that error column.

Wilmington; can't you make it ditto tomorrow?

Fayetteville has released, and Raleigh takes on, Second Sacker Hart.

The weather man played our feelings nearly to the limit, but let up in time for Wilmington to lift a game.

The Highlanders have signed First Baseman Shumaker, transferring Dobson to the suburbs, and giving Carolan his conge.

Howard and Stoehr slabbed again; and while the former allowed but one measly bingle, the hits the Sailors culled from the last named were as plentiful as poor relations.

Reuben's mighty port fin was the whole plot of yesterday's affair, and before the game was over he had everyone of those terrible Giants eating out of his hand.

We confess to the Fayetteville pen-pusher that our remarks about Guerrant were a little previous. And all the dopist has to say now is, our loss is decidedly their gain.

To think of the "Goldsboro Argus" being in favor of the Giants taking all three of the games with Wilmington—and we crippled too. Loyalty is fine, but oh! you greedy Goldsboro!

In the uncompleted game of yesterday Stoehr pitched his 42nd inning without issuing a pass, and also held Wilmington swatless while the play was on—but that was yesterday!

Goldsboro kicked strenuously at McLaughlin's umpiring in Saturday's contest with Fayetteville. We can't conceive of Daddy handing out anything but sunshine decisions, and until he proves it otherwise, he and his broom are the finest of their kind ever seen around these sand-hills.

The News and Observer's dope mixer slops over in extolling the virtues of Capt. Walsh, of Rocky Mount, as a top-rank maskman, swatter, base-pegger and runner, and allows he's just about the Kandy Kid of the league on the last two counts. Granting that Walsh is a crackerjack catcher and base runner, and without gainsaying his ability at lacing balls to second and running a team—for he's one of the best all round players we've seen in a long time, and a clever gentleman besides—we would respectfully ask that the calcium be shifted in this direction. A person would have to work overtime locating a better backstop than Conn, our latest addition, and as a line-thrower in spoiling pilfers. Well Raleigh has something to live for. And if there's anything two or three of the crew can do, it's that same base running—cast your optics on the track work of Smith, Jayes and Conn, but don't risk the naked eye; work in a microscope and handle a stop watch.
